About the Conrad Weiser B.A.N.D. Scholarship Program: The Conrad Weiser School District strives to provide students with enriching and rewarding music-centric opportunities. The Conrad Weiser Music Association knows it can be difficult for some aspiring musicians and performers to participate in the extracurricular secondary school activities. Although efforts are made to keep the costs of participation as low as possible, there are inevitably some expenses associated with the various activities which must be passed on to the participants. We hope that with the introduction of this scholarship fund, need-based financial assistance can be provided to qualifying students in order to enable their participation in these activities without placing additional financial burden on the students or their families.

The number of annual awards will be determined by the funds available and merit of applications. Awards, not to exceed the season expenses as pre-declared by Conrad Weiser, will be awarded quarterly until the funds are depleted. Students will be selected based on participation in one or more of the identified activities, notable music potential, and financial need.

The program is open to students who attend school in the Conrad Weiser School District (or reside within the district and are homeschooled) and participate in High School Marching Band, Indoor Color Guard Ensemble or Indoor Percussion Ensemble. Support for other music-based extracurricular activities may be considered on a case-by-case basis.

Other types of scholarships (merit awards by audition and need-sensitive awards for private study, instrument upgrades, and summer music camp) are available through RMF. Students may apply for and receive multiple awards in the same year.
